RE: LETTER OF REFERRAL – ALTAVISTA

We are writing to provide a formal reference for Mr. Richard Sooree and Altavista Ltd. as a sub-contractor for NH International Caribbean Ltd. Our company has worked with Altavista on various design-build projects involving timber structures and roofing since 2017.

During our collaborations, Altavista has displayed a high level of expertise and professionalism. They have been able to deliver exceptional work, and as a result, we have maintained a positive working relationship with them.

Altavista's commitment to their craft has seen them specialize in timber structures and roofing, which has enabled them to deliver a superior quality of work. Additionally, they have demonstrated the ability to meet project deadlines without compromising on quality, which has been crucial to the success of the projects they have worked on.

Currently, Altavista is working on the Six Senses Project in Grenada, where they continue to exhibit the highest level of professionalism and dedication. We have no doubt that they will successfully deliver on the project's requirements, as they have done on all previous projects.
