ACCORD
HYBRID

When Honda builds a hybrid, you've got to be sure it's a marvel. And an Accord Hybrid is when technology surpasses the known and takes a leap of faith into tomorrow. This is the next generation Accord that will define a new balance it brings to the world. Welcome to the league of extraordinary.

 **HYBRID**

ALL NEW ELEGANCE

From style to technology to performance, the Accord Hybrid packs a mighty (and efficient) punch. The LED taillights, brake lights and fog lights as well as the LED headlights with available auto-on/off for low and high beam are designed to be admired and engineered to better light the road ahead, helping you arrive safely and in style. When it's time to get moving, the 18" aluminum-alloy wheels hit that sweet spot between uncompromising style and enviable performance, while the available one touch power sunroof with tilt feature opens up a whole new driving experience.

INTELLIGENCE REDEFINED

Get ready for an incredible experience with the technologically advanced Accord Hybrid. Inside the Advanced Display Audio at the centre of the dash you'll find Apple CarPlay® & Android Auto® that let you connect seamlessly to maps, music, messages and more. It's also where you'll view the multi-view camera system with dynamic guidelines that is engineered to have your back, while the available head-up display (HUD) is designed to project helpful information into your line of sight on the windshield. No matter where you're going, the Accord Hybrid has your tech needs more than covered.

PERFORMANCE

When it comes to efficiency, the innovative two-motor hybrid powertrain proves the Accord Hybrid is not joking around. The 2.0-litre, 16-valve, DOHC, 4-cylinder engine delivers power and versatility, while the Electric-Continuously Variable Transmission (E-CVT) system manages interactions between the two electric motors, meaning the Accord Hybrid draws from the fuel tank only when needed. No matter the road, the Accord Hybrid is always ready.
